

KA'ENA POINT NATIONAL HERITAGE AREA ACT

MARCH 9, 2022.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. GRIJALVA, from the Committee on Natural Resources,
submitted the following

R E P O R T

[To accompany H.R. 1908]

[Including cost estimate of the Congressional Budget Office]

The Committee on Natural Resources, to whom was referred the bill (H.R. 1908) to authorize the Secretary of the Interior to conduct a study to assess the suitability and feasibility of designating certain land as the Ka'ena Point National Heritage Area, and for other purposes, having considered the same, reports favorably thereon without amendment and recommends that the bill do pass.

PURPOSE OF THE BILL

The purpose of H.R. 1908 is to authorize the Secretary of the Interior to conduct a study to assess the suitability and feasibility of designating certain land as the Ka'ena Point National Heritage Area.

BACKGROUND AND NEED FOR LEGISLATION

H.R. 1908 would authorize the Secretary of the Interior to conduct a study to assess the suitability and feasibility of designating the Ka'ena Point National Heritage Area on the Island of O'ahu. The study area focuses on the undeveloped area of Ka'ena Point on the west end of O'ahu, home to some of the richest and most well-preserved cultural aspects of Hawai'i's history, along with invaluable and unique environmental and natural resources. It is the site of the last intact sand dune ecosystem in Hawai'i and of a leina a ka'uhane, an important recognized cultural site that, according to some Hawai'ian traditions, is where the souls of the deceased leapt into the next plane of existence. Ka'ena Point is also home to various protected species, including Laysan albatrosses and monk

seals, as well as wedge-tailed shearwaters and fragile native plants.

Currently, Ka'ena Point is largely under state ownership. The State of Hawai'i's Department of Land and Natural Resources created a management plan for the Ka'ena Point Stewardship Areas to protect one of the few remaining easily accessible wilderness areas on the island.

COMMITTEE ACTION

H.R. 1908 was introduced on March 16, 2021, by Representative Ed Case (D-HI). The bill was referred solely to the Committee on Natural Resources, and within the Committee to the Subcommittee on National Parks, Forests, and Public Lands. On June 15, 2021, the Subcommittee held a hearing on the bill. On July 14, 2021, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. No amendments were offered, and the bill was adopted and ordered favorably reported to the House of Representatives by unanimous consent.

HEARINGS

For the purposes of clause 3(c)(6) of House rule XIII, the following hearing was used to develop or consider this measure: hearing by the Subcommittee on National Parks, Forests, and Public Lands held on June 15, 2021.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

H.R. 1908 would direct the National Park Service (NPS) to assess the suitability and feasibility of designating Honolulu County on the island of O'ahu as the Ka'ena Point National Heritage Area. Under the bill, the NPS would conduct a study in consultation with Hawai'i and other local organizations and report their findings to the Congress.

Using information from the NPS, CBO estimates that implementing H.R. 1908 would cost less than \$500,000 over the 2022–2026 period; such spending would be subject to the availability of appropriated funds.

The CBO staff contact for this estimate is Sofia Guo. The estimate was reviewed by H. Samuel Papenfuss, Deputy Director of Budget Analysis.

2. *General Performance Goals and Objectives.* As required by clause 3(c)(4) of rule XIII, the general performance goals and objectives of this bill are to authorize the Secretary of the Interior to conduct a study to assess the suitability and feasibility of designating certain land as the Ka'ena Point National Heritage Area.
